Partnership Agreement Grants: State Arts Agencies

Introduction

The National Endowment for the Arts' (NEA) State & Regional Partnership Agreement grants are awarded to the nation's [56 state and jurisdictional arts agencies](#) (SAAs), and the [six regional arts organizations](#) (RAOs) with geographically-defined SAA memberships. Partnership support is also available to the national service organization for the SAAs.

The NEA is proud to support the nation's arts sector so that together we can help everyone live more artful lives. "Artful lives" is an inclusive concept that encompasses everything from the creation, presentation, and consumption of art, to active arts engagement by all people through making, teaching, and learning in our everyday lives. The nation's arts and culture ecosystem is comprised of the artists, arts workers, audiences, communities, and organizations at the local, state-wide, regional, and national levels that advance a broad range of art forms expressing our nation's rich and diverse cultural tapestry. The arts contribute to our individual well-being, the well-being of our communities, and to our local economies.

Partnership Agreement grant support enables SAAs and RAOs to respond to the needs identified through public planning undertaken with their constituents, partners, and stakeholders. This investment in locally-determined priorities extends federal reach and impact, translating national leadership into local benefit.

All SAAs, RAOs, and their national service organization must apply annually for this support.

National Endowment for the Arts, Regional, and State Partnership

The National Endowment for the Arts (NEA), the RAOs, and the SAAs comprise a national network of arts funders, cultural program and service providers, and leaders in the arts and culture sector. We believe that each participating entity benefits from partnership in the network. We invest in the network through State and Regional Partnership Agreement grants in order to:

- Strengthen the cultural infrastructure of the United States,
- Facilitate the creation and presentation of artistic works,
- Provide the public with lifelong learning opportunities in the arts,
- Enhance public engagement with, and access to, the arts,
- Foster greater cultural understanding, and
- Contribute to the enrichment of lives and communities throughout the nation.

We acknowledge that SAAs may choose to participate in the work of an RAO of which it is not a member. SAAs may choose to shift membership from one RAO to another, or may choose to withhold membership in an RAO. While recognizing that the ecology of the network benefits from change, we also believe that the network benefits from stability. To this end, shifts in state

membership in RAOs must be preceded by at least one full year of planning by all of the agencies involved, including the NEA.

State Arts Agencies Program Description

Partnership Agreement grants to State Arts Agencies (SAAs) enable the National Endowment for the Arts (NEA) to make the arts available in more communities than it could through direct grants alone. The SAAs greatly extend the federal reach and impact, translating national leadership into local benefit.

With federal funds providing both a national example and financial incentive, NEA support for SAAs has helped to attract state funding that on a nationwide basis far exceeds the federal support. State government support is vital to the arts in America.

At the core of this federal-state partnership is the planning process that each SAA engages in to identify and examine state priorities. Planning is inclusive and responsive, reflecting the goals and activities determined to be most important to that state.

Goals & Objectives

State Partnership Agreement grants support state-identified goals and activities consistent with the SAA's strategic plan. While providing leadership for their states, the SAAs also receive funding to support shared goals and objectives in the areas of folk & traditional arts, arts education, arts & health, and reaching underserved groups/communities. Participating SAAs also receive support to conduct the Poetry Out Loud program in their respective states.

SAAs are encouraged to review NEA agency priorities as part of their own strategic planning processes. For more information on NEA priorities, applicants should review the [NEA's strategic plan](#). Highlights include:

1. **Engagement:** Increase opportunities for people from all backgrounds to encounter different artists, art forms, and artistic and cultural traditions. This includes projects that extend the arts to underserved groups/communities. For the purposes of these guidelines, an underserved group/community includes populations whose opportunities to experience the arts have been limited relative to factors such as geography, economics, race or ethnicity, or disability.
2. **Learning:** Provide opportunities for people throughout the country to participate in arts education and to increase their knowledge and skills in the arts at all stages of life.
3. **International Activities:** Provide opportunities for the international exchange of artists and arts and cultural traditions.
4. **Health & Well-Being:** Support arts projects with a focus on advancing the health and well-being of individuals.
5. **Strengthening Communities:** Embed the arts in system-wide initiatives that strengthen or heal communities.

6. **Capacity-Building:** Support professional development and technical assistance efforts to develop the capacity of artists, arts professionals, and organizations.
7. **Research:** Support projects that produce research, statistics, and general information about the arts for the benefit of the arts sector and beyond.
8. **Technology:** Invest in the capacity of arts organizations to support tech-centered creative practices and to serve a broader public through digital or emergent technology.

In addition to the NEA priorities outlined above, funding is available to support SAA work relative to shared programmatic goals and objectives including:

Arts Education

The NEA envisions a nation where every student is engaged and empowered through an excellent arts education. Arts education is vital to developing America's next generation of creative and innovative thinkers. Partnership Agreement grant support is intended to respond to the objectives, strategies, and programs that each state arts agency develops based on national or state arts education standards, as appropriate, and its state's needs, opportunities, and resources. Possible components of a state's arts education program might include, but are not limited to, curriculum-based learning; hands-on instruction; artist residencies; grants and/or technical assistance; training and/or professional development; and planning or implementation of activities such as cross-sector partnerships, convenings, arts education data initiatives, collective impact consultation, and/or an arts education strategic plan. Project activities may be offered in a variety of settings during and outside of the school day.

Folk and Traditional Arts Partnership

The NEA ensures traditional artists and culture-bearers have the opportunity to pass on cultural knowledge of their art forms. To support this goal, Folk and Traditional Arts Partnerships funding is intended to strengthen living cultural traditions in every state, jurisdiction, or region and bolster the folk and traditional arts ecosystem. The NEA envisions stable, outreach-driven programs that are responsive to a state's diverse folk and traditional arts heritage. States are encouraged to support professional, paid positions in the folk and traditional arts. Possible components of a state's folk and traditional arts program might include, but are not limited to, fieldwork to identify and document underserved folk & traditional artists; apprenticeships, mentorships, or folk arts in education programs; and statewide activities that increase public awareness of living cultural heritage.

Poetry Out Loud

Poetry Out Loud is a national arts education program that encourages the study of great poetry by offering free educational materials and a dynamic recitation competition for high school students across the country. This program helps students master public speaking skills, build self-confidence, and learn about literary history and contemporary life.

Funding in support of Poetry Out Loud programming is included in Partnership Agreement grants, provided through an allocation from the NEA's Literary Arts program. This funding is

available in amounts of \$25,000 per participating agency for FY25. For additional information about Poetry Out Loud, please visit www.poetryoutloud.org.

Arts & Health

Artists, cultural institutions, and arts and cultural participation strengthen our civic infrastructure and contribute to health and wellbeing through a myriad of ways. In FY25, NEA is offering additional funding for SAAs to support arts and cultural projects that lead to increased social connection and belonging, ultimately contributing to overall health and well-being for individuals and communities.

Funding in support of these activities is available in two tiers of amounts of up to \$25,000 or \$75,000 per participating agency for FY25.

Award Information

Partnership Award Amounts

Funds to support state-identified goals and activities will be awarded in accordance with the NEA's legislative mandate. Additionally, funds for shared programmatic goals and objectives are available to support Arts Education, Folk and Traditional Arts, Arts & Health, and Poetry Out Loud activities.

Partnership award amounts are determined through a formulaic process that includes consideration of NEA allocations and available funds, previous award levels, current SAA program offerings, and population figures.

Cost Share and Matching Funds

All awards require a cost share/match of at least 1 to 1.

The 1 to 1 cost share/match must come from state government funds that are directly controlled and appropriated by the state and directly managed by the state agency.

For those agencies covered by the Economic Development of the Territories Act (American Samoa, the Trust Territory of the Pacific Islands, the Commonwealth of the Northern Mariana Islands, Guam, and the Virgin Islands), the cost share/matching requirement does not apply to the first \$200,000 of NEA funds (48 U.S.C. 1469a(d), as amended). Agencies must request a waiver from the cost share/matching requirement for amounts above the first \$200,000 of our funds.

All costs included in your Project Budget, whether supported by NEA funds or cost share/matching funds, must be expended during your period of performance, including all costs associated with subaward activity. Subawards must take place and be closed out during your period of performance.

Application Review

Partnership Agreement Grants to State Arts Agencies

The Partnership Agreement grants application review process represents a mutually beneficial relationship between federal and state governments in support of the nation's cultural infrastructure. Through the annual application and review process, state arts agencies identify and communicate locally-identified priorities to a federal audience. In turn, review of the application helps to inform the NEA's own programming and priorities in support of state arts agencies.

Review Criteria

NEA staff review applications to confirm that eligibility requirements are met. In addition, external reader reviewers will provide comments related to application narrative and state arts plan documents addressing:

- The SAA's operating environment, mission, and goals.
- The SAA's planning process, including:
 - the timeline and methodology for constituent engagement through a wide variety of means (such as public meetings, surveys, interviews, virtual engagement, and digital communications, as relevant to various constituent groups); and
 - opportunities for a wide range of constituents to participate in the planning process, including those in underserved groups/communities. For the purposes of these guidelines, an underserved group/community includes populations whose opportunities to experience the arts have been limited relative to factors such as geography, economics, race or ethnicity, or disability. Within this broad definition, SAAs are asked to specify their own underserved groups/communities.
- The SAA's responses to the planning process, including:
 - responses to recommendations and priorities identified through the planning process and/or changing circumstances in the state; and
 - processes and metrics used to monitor progress in relation to the state plan.
- The SAA's programming, including programs and activities reflected in the plan and
 - as relevant, programs and activities with shared state and federal goals and objectives (Arts Education, Folk and Traditional Arts, Arts & Health, and Poetry Out Loud). Discussion of programming should include details related to:
 - implementation of the arts-related programs and services, and
 - related planning, accomplishments, challenges, and/or opportunities.
- The SAA's commitment and capacity to implement the arts-related programs and services reflected in the plan.

Review Process

Applications are evaluated according to the Review Criteria for their category.

Funding recommendations are considered by the National Council on the Arts, and are voted on in open session. The Council makes recommendations to the Chair of the NEA. The Chair reviews the Council's recommendations and makes the final decision on all grant awards. Applicants are then notified of funding decisions. All applicants will receive a summary of nationwide field trends, issues, and opportunities based on reviewer comments.

NOTE: All recommended applications undergo a review to evaluate risk posed by the applicant prior to making a federal award. This may include past performance on grants, ability to meet reporting deadlines, compliance with terms and conditions, audit findings, etc.

Award Administration

Award Notices

Official grant award notification (i.e., a notice of action authorized by the National Endowment for the Arts' Grants Management Office) is the only legal and valid confirmation of award. This can take several months to issue depending on several factors such as the number of awards to be processed, whether the NEA has its appropriation from Congress, etc.

Prohibition on Supplanting Non-Federal Funds

Partnership Agreement grants must be used to supplement and not supplant non-federal funds. For the purposes of these guidelines, the term "supplant non-federal funds" is defined as using federal dollars to replace non-federal dollars, with the intention or effect of reducing financial support for an SAA or RAO from non-federal funds.

Crediting Requirement

Recipients must clearly acknowledge NEA support in their programs and related promotional material including publications and websites.

Acknowledgments should include the National Endowment for the Arts logo wherever possible. In addition, we will provide detailed crediting language for SAAs and RAOs to use with their own subrecipients.

Project Reporting and Evaluation

When a grant is completed, you must submit a final report and answer questions detailing all activities conducted under the State Arts Plan or Regional Arts Plan (SAA / RAO Arts Plan) that was approved as part of your NEA Partnership Agreement grant application and that took place within the approved period of performance for the award. Before applying, [review the reporting requirements](#).

General Terms & Conditions

Federal and agency requirements for NEA grants are included in our [General Terms & Conditions](#) (GTC). The GTC incorporates the adoption of 2 CFR Part 200 by reference. The document also explicitly identifies where the National Endowment for the Arts has selected options offered in the regulation, such as budget waivers and requirements for use of program income. It also includes requirements for cost share/matching funds, reporting requirements, amendment processes, and termination actions. **Recipients must review, understand, and comply with these requirements.** Failure to comply with the GTCs for an award may result in termination of a grant award, and/or returning funds to the National Endowment for the Arts,

among other consequences. **NOTE: OMB issued new [2 CFR Part 200 Guidance](#) in April 2024. Awards made after October 1, 2024, will be subject to the new guidance. The NEA will provide General Terms and Conditions incorporating the new guidance to recipients prior to issuing awards.**

Implementation of Title 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards

This guidance from the federal government's Office of Management and Budget (OMB) establishes clarity and consistency of the pre- and post-award requirements applicable to federal financial assistance recipients. Under the authority listed above, the NEA adopts the OMB Guidance in [2 CFR part 200 under §3255.1 Adoption of 2 CFR Part 200](#). This part gives regulatory effect to the OMB guidance and supplements the guidance as needed for the NEA.

Final Reporting on Previous Awards

Before a grant is awarded, organizations must have submitted acceptable Final Report packages by the due date(s) for all NEA grant(s) previously received, and report on funded activities in accordance with the National Standard for Arts Information Exchange. Final Reports include the Federal Financial Report, Final Descriptive Report, and the Folks Arts Partnership Narrative.

Legal Requirements

NOTE: This list highlights some of the significant legal requirements that may apply to an applicant or recipient, however, it is not exhaustive. - **Compensate all professional performers and related or supporting professional personnel on National Endowment for the Arts-supported projects at no less than the prevailing minimum compensation.** (This requirement is in accordance with regulations

NHPA also applies to any planning activities that may affect historic properties or districts. The additional agency review must be completed prior to any agency funds being released.

No application may be approved unless the accompanying plan satisfies the requirements specified in this subsection."
